MEMO FOR THE RECORD

25X1A9a

[REDACTED] advised that Gen. Cabell left last night for Los Angeles where he will join Mr. Kennedy and brief Kennedy while they fly from Los Angeles to San Diego to San Francisco. This will be the third briefing by CIA for Mr. Kennedy. The other two were made by Mr. Dulles, the first at Hyannisport, Mass., the second at Georgetown, D.C., and this by Gen. Cabell because Mr. Dulles is out of the country. Senator Johnson has had one CIA briefing, given at his ranch in Texas by Mr. Dulles.

It is the policy of CIA to make no public announcements regarding the briefings. If however candidates headquarters or other press inquiry is made as to whether such briefings have been given and how many, we will state the number given, by whom, but will not discuss the subjects covered.
